

Day and Night

Use the light sensor and your SPIKE Prime SmartMotor to tell a story of what you did yesterday.

Think Like an Engineer:

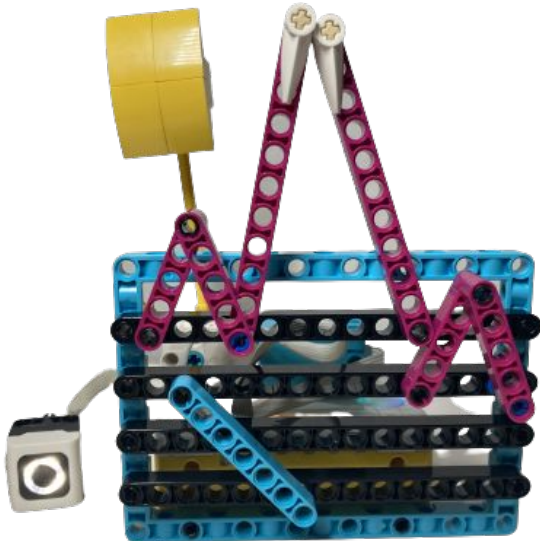

How can you position the motor to make your creation rotate in different directions?

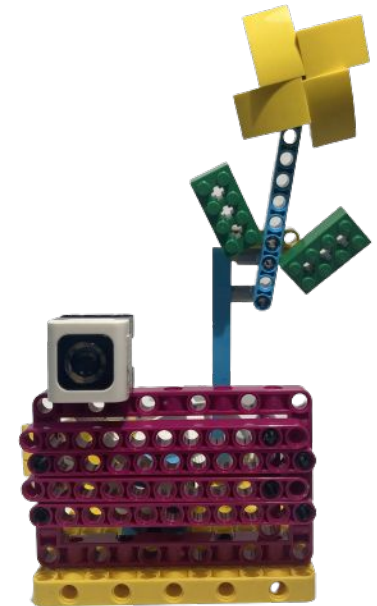

Think Like an Illustrator:

How can you show a part of your day without words?

EXAMPLE IDEAS

Sunrise over mountains

Flower blooming with light

BUILD IT

Mounting the motor

TRAIN IT

Training Mode

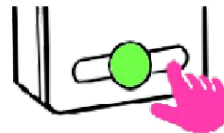

Running Mode

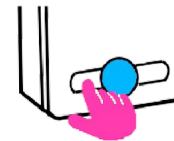

move the motor
